

on the date of resumption. As at 2 October 2009 (last Friday), the closing price of the Shares was \$1.01, still representing an increase of 77.19% from its close on 24 August 2009.

In view of the high concentration of shareholding in a small number of shareholders, shareholders and prospective investors should be aware that the price of the Shares could fluctuate substantially even with a small number of shares traded, and should exercise extreme caution when dealing in the Shares.
